## **PVSC's Education Outreach Program** **January School Schedule**

**NEWARK** – The Passaic Valley Sewerage Commissioners' (PVSC) *Education Outreach Program* continues for the 2008-2009 school year, with 17 school visits planned for the month of January reaching over 4,700 students in nine municipalities. This school year, the program has visited 51 schools, reaching over 10,000 students.

PVSC's Education Outreach Program offers a free environmental education presentation – available to public and private schools in the 48 municipalities served by PVSC – which describes aspects of PVSC's *River Restoration Program*, how students' everyday actions affect the environment, and ways students can volunteer to help keep their communities clean. The program is provided to students in grades 3-12 and is tailored to be age appropriate.

Below is the Education Outreach schedule for January. Members of the media wishing to attend a presentation should contact Christopher Brooks at 973-344-1800.
